SUMMARY

Dedicated and detail-oriented Software Developer with a strong programming, web development, and problem-solving foundation. Proficient in crafting user-friendly interfaces and robust applications using modern frameworks like React.js and tools like REST APIs. Adept at collaborating in team environments and committed to continuous learning to deliver innovative solutions. Eager to apply technical expertise and creativity to contribute to dynamic development projects.

TECHNICAL SKILLS: HTML5, CSS3, Bootstrap, Tailwind, Sass, JavaScript, React.js, REST APIs, Python, MySQL, AWS, Firebase.

PROJECTS

Project: CRUD Operations Using React.js

- Designed and implemented a full-stack application featuring **Create, Read, Update, and Delete (CRUD)** functionality using **React.js** and **React Hook Form** to enhance form validation and user experience.

- Integrated the application with **Firebase** for real-time database operations, ensuring data consistency and seamless synchronization across devices.

- Built a modern, responsive user interface using **MUI (Material-UI)**, improving usability and accessibility.

Project 2: Fakestore Application Using React.js

- Developed an e-commerce platform, **Fakestore**, by fetching product data from a public API using **React.js**, providing users with a dynamic and seamless shopping experience.

- Implemented **React Router DOM** to enable efficient client-side navigation between pages such as product listings, details, and checkout, improving user engagement.

- Designed a responsive and visually appealing user interface using **React Bootstrap**, ensuring compatibility across devices and browsers.

EDUCATION & OTHER

- **BACHELOR OF ENGINEERING (COMPUTER ENGINEERING),**   **2021-2024**
  Yadavrao Tasgaonkar Institute of Engineering and Technology
  7.16 CGPA
- **Diploma in Computer Engineering,**   **2019-2021**
  Abdul Razzaq Kalsekar Polytechnic
  83.26%

OTHER EDUCATION: Full Stack Development Course – Udemy

Gained expertise in front-end and back-end development, including React.js, Node.js, MongoDB, and RESTful APIs. Developed a strong foundation in building dynamic and responsive web applications.

INTERESTS: Gaming, Reading Books, watching Anime
